

## Swiss Constitution Art. 54

Alleviate poverty, promote peace,  
conservation of natural resources

## Swiss Federal Acts on cooperation with developing and transition countries 1976, 2006

Improve population's living conditions, promote  
democracy and human rights

## Dispatch on International Cooperation 2017 - 2020

Sustainable management of and access to natural resources,  
including water, are important means to reduce inequalities,  
improve living conditions and create better prospects for  
populations in developing countries..

**2030 Agenda for  
Sustainable Development**  
Ensure availability and  
sustainable management of  
water and sanitation for all.

# Global Programme Water

## UN Human Rights to Water and Sanitation

Right-based approach supports  
authorities in their responsibility to  
respect, protect, and fulfil the  
provision of sufficient, safe,  
accessible and affordable water and  
sanitation for all people, and  
empower people to exercise their  
rights and responsibilities
